

## **Book Enquiry**

We recognize that getting to talk to someone about an idea for a book that may not be completely ready for scrutiny can be difficult. However, getting advice on a project early in its gestation can save a lot of time, effort and heartache in the long run. So, if you want to test an idea or explore options and approaches to a book project that you are considering, then send us a quick enquiry by filling in this form and emailing it to:
